

The **NEW** Helo Fonda heater

Turn **up** the heat

Upgrade life™
The good life
starts here

Surrender to steam with Fonda Duo

Sometimes you prefer the traditional caress of a soothing heat. Other times the gentle cleansing of ultra soft steam. Fonda Duo* gives you the luxury of choosing either from the same compact, eye-catching unit. As an added treat, you can pamper yourself by infusing steam with aromas that provide a variety of proven healthful effects—simply add a few drops of Helo Natural Essential Oils to the integrated aroma tray.

Quick facts

- Wall-mounted or floor-standing**, for saunas 4 - 13 m². Large 20 kg stone compartment for soft, even heat and steam production.
- 2 kW steam generator and integrated water tank for maximum convenience.
- Supplied with easy to use T2 touchpad controller.
- Available in 4.4, 6.6 or 8.0 kW.
- Available in black.
- Measurements: 448 x 565 x 364 mm (WxHxD).

Wall-mounted

Floor-standing**

Explore your options with the T2 controller

The T2 electronic touchpad controller puts powerful planning and control options at your fingertips. With T2, you can pre-program the heating of your sauna up to 23 h a head of time, ensuring your sauna is pre-heated and ready when you are.

Helo Natural Essential Oils

Add a few drops to water, ladle it over hot sauna stones and let nature's recipes for treating body, mind and soul wash over you.

Fonda—better comfort by design

The Fonda traditional series is a smart option for fans of Finnish sauna. Thanks to its large 20 kg rock compartment and powerful output, Fonda delivers wave after wave of sharp and intense heat to every corner of the room. Choose from two convenient, equally attractive models: Fonda DET* with programming and control from either the T1 touchpad or the EC50 control panel, or Fonda ST* with integrated control panel.

Quick facts

- Wall-mounted or floor-standing**, for saunas 4 – 13 m³.
- Sizes 4.4, 6.6 or 8.0 kW.
- Fonda DET is available in grey or red and Fonda ST in grey only.
- Measurements: 448 x 565 x 364 mm (WxHxD).

The EC50 control panel.

Easy-to-use T1 independent touchpad controller.

The integrated control panel of Fonda ST.
